for Buildings and
Construction

About the Global Alliance for Buildings and Construction (GlobalABC)

About the GlobalABC

Founded at COP21, hosted by UNEP and with over 140 members, including 30 countries, the GlobalABC is the leading global platform for governments, private sector, civil society, research, and intergovernmental organizations committed to a common vision: **A zero-emission, efficient and resilient buildings and construction sector.**

Our objectives

Be a global advocate, a catalyst

Be a trusted platform to set targets & track progress.

Support countries in setting priorities & measures based on their situation.

FORGING PATHWAYS THROUGH REGIONAL ROADMAPS

A stakeholder-driven, globally applicable tool

Extensive stakeholder engagement: **Over 700 experts involved,**
with feedback on targets and timelines, submission of best
practice case studies, feedback on key actions

GlobalABC activities

Be a global advocate, a catalyst
GIVING BUILDINGS THEIR VOICE

Be a global advocate, a catalyst
FACILITATING REGIONAL KNOWLEDGE & BRIDGING FRAGMENTED VALUE CHAINS

Be a trusted platform to set targets & track progress
KEEPING THE SECTOR UNDER REVIEW

Support countries in setting priorities & measures based on their situation
FORGING PATHWAYS

39% of emissions

Drivers include floor area growth and cooling demand

136 buildings related NDCs

But very few countries have specific measures

Two-thirds of countries

Lack building codes
