

SIEW | OPENING KEYNOTE ADDRESS

The SIEW Opening Keynote Address provides thought-provoking perspectives on the SIEW theme. This year, the Energy Market Authority is proud to present the SIEW 2016 theme, “**New Energy Realities**”. The theme reflects the opportunities and challenges we face in the current environment of an excess supply of oil and gas.

SINGAPORE ENERGY | SUMMIT

Session 1: Asia’s New Energy Realities

Faced with lower energy prices and continued growth in energy demand, Asia’s need to increase and diversify the region’s energy supplies remains more important than ever. This session will explore the new energy realities Asia faces and the implications on energy security for the region.

- **Dr Phyllis Yoshida**, *Lead Shepherd of the APEC Working Group and Senior Advisor for International Affairs, US Department of Energy*
- **Dr Shamshad Akhtar**, *Executive Secretary, United Nations Economic and Social Commission for Asia and the Pacific*
- **Anil Sardana**, *CEO & Managing Director, Tata Power*
- **Ditlev Engel**, *CEO, DNV GL - Energy*

Lunch Plenary: A World Awash with Oil & Gas – What’s Next?

The oversupply of oil is set to remain in global markets, with energy prices expected to remain lower for longer. Production needs to be smarter by leveraging on new technology to cut costs to remain efficient and nimble. This session will explore these implications and how the industry could adapt.

- **Dr Fatih Birol**, *Executive Director, International Energy Agency*
- **Charif Souki**, *Director & Chairman, Tellurian Investments*

Session 2: Building a Low-Carbon Future

This session will explore the impact of lower energy prices on our transition to a more sustainable future, and the impact on the overall energy mix.

- **Rachel Kyte**, *CEO and Special Representative of the UN Secretary-General, Sustainable Energy for All*
- **Masakazu Toyoda**, *Chairman & CEO, The Institute of Energy Economics, Japan*
- **Agneta Rising**, *Director General, World Nuclear Association*
- **Steve O’Neil**, *CEO, REC*
- **Jon Moore**, *CEO, Bloomberg New Energy Finance*

Session 3: Disruptive Technologies and the Energy Consumer

The development of smart energy infrastructure and the growth of distributed energy generation are changing how utility players think about grid structure and the business of generation, distribution and consumption. This session will discuss the re-orientation of businesses around the consumer, as well as the evolution of regulations and retail markets.

- **Datuk Ir. Ahmad Fauzi Bin Hasan**, *CEO, Energy Commission of Malaysia*
- **Anne Vadasz Nilsson**, *Director General, Swedish Energy Markets Inspectorate*
- **Dr Matthew Peloso**, *Founder & CEO, Sun Electric*
- **Aaron Domingo**, *EVP & COO, Meralco PowerGen Corporation*
