SIEW PARTNER EVENTS

The 12th edition of Asia Clean Energy Summit will take place on 28-30 October 2025 at Marina Bay Sands Expo. As Asia's leading event focused on clean energy technology, policy and finance, the Asia Clean Energy Summit provides a common platform for regional thought leaders in both the public and private sectors to collaborate on critical issues and opportunities in harnessing clean energy for the future. A new track focusing on bioenergy will be introduced.

The Asia Carbon Summit will focus on transforming regional climate challenges into market leadership opportunities. Taking place on 30 October 2025 alongside the Asia Clean Energy Summit, this comprehensive program demonstrates how Asia is positioning itself at the forefront of global climate action while creating substantial economic opportunities for stakeholders across the region.

Asian Downstream Summit/ Asian Refining Technology Conference/ Ammonia & Carbon Capture Asia is the region's most influential downstream refinery and petrochemical event.

SIEW PARTNER EVENTS

The Asia Gas Markets Conference, a premier two-day industry gathering, brings together energy leaders to explore Asia's evolving gas markets, focusing on regional trends, strategic partnerships, and sustainable energy transition. The programme covers critical topics from geopolitical impacts and market dynamics to future energy innovations, including hydrogen integration and carbon capture.

S&P Global
Commodity Insights

The 25th Conference of Electric Power Supply Industry (CEPSI), a flagship event of the Association of the Electricity Supply Industry of East Asia and Western Pacific (AESIEAP). Hosted by SP Group in conjunction with SIEW 2025, the event will bring together regional participants to build on strategic conversations and collaborative efforts toward the energy transition.
