

## WHERE THE ENERGY WORLD MEETS IN ONE WEEK, ONE LOCATION

Organised by the Energy Market Authority of Singapore, SIEW is Asia's premier platform for the discussion of energy issues impacting the region.

The 13th edition of SIEW 2020 will address the theme of “**Creating Our Low Carbon Energy Future Together**”, underlining the importance of all energy stakeholders from governments, international organisations and societies in building a low-carbon energy system.

This year's SIEW will run as a **hybrid event**, with both **onsite and online streaming** elements for participants in Singapore and overseas. This will facilitate the exchange of views and perspectives at the various conferences and events during SIEW.
